

Business Development Intern/Trainee (m/f)

We are a young and venture-backed team with the goal to revolutionize the sub-metering and energy market. At Messhelden we are passionate about developing state of the art technology to analyze individual energy consumption and improve energy efficiency (www.messhelden.com). For this exciting new opportunity in the fast growing property tech sector, we are looking for a dedicated Biz Dev intern or trainee to join our team in Berlin.

Who are we looking for? – Highly talented people with a constant drive to unleash their potential.

Your Role:

- Support in various areas of daily operations to get a deep understanding of company building, metering technology operations and sales / marketing
- Work independently and manage your own projects in various business areas
- Constantly analyze current processes and contribute own ideas for improvement
- Train your entrepreneurial skills by supporting the founding team in strategic and organizational decision making (new business opportunity evaluation, market entries, competitor analysis, etc.)
- Research and analyze rising industry themes and identify trends within property technology

Your qualifications:

- Among top 20% of Master or Bachelor Degree at one of the leading universities or business schools
- Very strong motivation to make an exceptionally successful career within start-ups, Venture Capital or Energy / Property Tech
- Excellent communication skills, fluent in German and English
- Very strong analytical and critical thinking skills to solve problems independently
- Good organizational skills to manage own projects
- Strong knowledge of MS Office & Google tools
- Availability of minimum 3 months for Internship or minimum 9 months for Traineeship

What we offer:

- Valuable insights into entrepreneurship / company building and property & energy technology
- Profit from working with experienced serial entrepreneurs who co-founded 3 successful companies within the last 10 years
- Get access to a well-established business network and build your own top-tier network & reputation
- Improve your tech start-up expertise and entrepreneurial skills
- Work with a highly motivated and skilled team of young professionals
- Work in Berlin, the start-up center of Europe and the coolest city in the world ,-)
- Competitive salary with the option of a full-time position
- Free Club Mate 😊
