

Entrepreneur in Residence (m/f)

We are a young and venture-backed team with the goal to revolutionize the sub-metering and energy market. At Messhelden we are passionate about developing state of the art technology to analyze individual energy consumption and improve energy efficiency (www.messhelden.com). For this exciting new opportunity in the fast growing property tech sector, we are looking for a dedicated future Entrepreneur to join our team in Berlin.

Who are we looking for? – Highly talented people with a constant drive to unleash their potential.

Your Role:

- Dive into and manage own projects in various areas of daily operations to get a deep understanding of company building, metering technology operations and sales / marketing
- Support in further Fundraising rounds and
- Train your entrepreneurial skills by working closely with the founding team in strategic and organizational decision making (new business opportunity evaluation, market entries, competitor analysis, etc.)
- Research and analyze rising industry themes and identify trends within property technology and Metering Technology
- Independently manage other company spec-ops projects (e.g. Internationalization, strategic recruiting, Business intelligence Analysis)

Your qualifications:

- Among top 20% of Master or Bachelor Degree at one of the leading universities or business schools
- Very strong motivation to make an exceptionally successful career within start-ups, Venture Capital or Energy / Property Tech, preferably starting your own company later
- Excellent communication skills, fluent in German and English
- Very strong analytical and critical thinking skills to solve problems independently
- Very strong organizational skills to manage own projects and other people
- Strong knowledge of MS Office & Google tools
- Availability of min. 12 months, preferably 2 years

What we offer:

- Valuable insights into entrepreneurship / company building / fundraising and property & energy technology to get comprehensive training for starting your own company later
- Profit from working with experienced serial entrepreneurs who co-founded 3 successful companies within the last 10 years
- Get access to a well-established business network and build your own top-tier network & reputation
- Improve your tech start-up expertise and entrepreneurial skills
- Work with a highly motivated and skilled team of young professionals
- Work in Berlin, the start-up center of Europe and the coolest city in the world ,-)
- Enjoy Competitive salary with the option for equity
- Free Club Mate 😊
